

Launch of CFDs on US & HK ETFs

UTRADE Delta now offers CFDs on US & HK ETFs. Enjoy these benefits when you trade CFDs on ETFs with us:

- **Diversification**
With a single trade, you can buy and own a basket of securities, which can include an entire sector, market, country or region.
- **Ability to go either Long or Short**
With CFD ETFs, you can take advantage of the rising and falling markets by taking Long or Short positions.
- **Leverage up to 5 times**
It costs only a fraction of the actual value of the asset to start trading it.
